Executive Director
Windsor Residence for Young Men

Dear Mr. Goulin

I would like to thank you and your staff at the Windsor Residence for Young Men for assisting the Toronto Police Service.

The program you operate is of a great and much needed service in helping individuals change their circumstances and provide them with an opportunity to be successful contributing members of the community.

Our interaction with your Program and staff was exceptional. It was apparent from our discussions and meetings that your staff is well trained and very knowledgeable. They were always professional and accommodating in resolving issues.

I would highly recommend your Program to any individual or organization seeking assistance for young men in need of direction and support.

Thank you once again and special consideration and thanks to Jason Weinberg and Christina Krohn for assistance provided to the Toronto Police Service.

Respectfully,

Greg Glendinning
Detective #3223
